Subject: CIP support material for Monthly Board (October) item 5

Date: Sun, 7 Oct 2018 17:54:02 +0000

Since PRC did not have a quorum, I have made some adjustments and clarification to the seven (7) item CIP listing.

I will be issuing the Agenda for October 11th meeting later this evening and this will be background information for item 5.

Over the years, i have watched CALTRANS and SANDAG create a Best to Worst budget model based upon the likelihood of different levels of funding.

All items are worthy of consideration as they support public safety in various manners and to different extents.
